1. The Paper Manufacturing Factory (Przetwornia Papieru) in Zakrzewie, a suburb of Wroclaw (Breslau - P52/C41), was converted into an ammunition factory in mid-1952. The plant was formerly a German factory. It is located on Ul. Sadowa.
2. The plant has its own testing grounds. It recruits workers from politically reliable elements of the civilian population. All entrances and exits to the plant are very strictly controlled.
3. In Lesnice, which is a suburb of Wroclaw, a plant which formerly produced glue for boots and floors has been converted to the production of special weapons; the exact type of weapons manufactured is not known.
